

## “Walk Higher”

### **Verse:**

Too many tears I've cried, it's time I dry my eyes  
I'm ready to hold my head up, walk towards higher skies

### **Chorus:**

When I walk Higher, it lights my fire, burns like a long-lost love,  
When I walk higher, it's a sweet desire, fill my body up  
Determined to love myself I'll learn to soon somehow  
One step at a time my love, I'm walking higher now

### **Verse:**

Feels like I've been under water it's time I fill my lungs  
I'm walking on light waves warm, my wayward soul by the sun.

### **Chorus:**

When I walk Higher, it lights my fire, burns like a long-lost love,  
When I walk higher, it's a sweet desire, fill my body up  
Determined to love myself I'll learn to soon somehow  
One step at a time my love, I'm walking higher now
