ARTWORK 6

1 - Really like the contrast and the simple design
2 - Reminds me of old school album covers and vibrancy of the colours
3 - Similar to 1
4 - Really like the old school vibe bringing out the emphasis on the old school sound of the ep
5 - Vibrant vinyl artwork would work great for singles. Love the simplicity
6 - Previous artwork of mine paying homage to memphis rap and the old school feel of the EP
This EP is a euphoric vibe with hip hop and RNB elements so would like the artwork to bring that out
